

Volunteer Sign Up Form

PHOTO

Countless giving individuals have contributed hundreds of hours of unpaid service for animals. Organising events, walking dogs, bottle-feeding motherless puppies and kittens, matching our shelter pets with the right prospective adopters, answering phones, and fostering newborn orphaned pets are just a few of the live saving efforts these wonderful animal lovers perform.

You can help too by signing up as a volunteer for LAP and help with our activities.

✓ YES! I would like to be a LAP Volunteer

Full Name: _____

Contact Tel No.: _____ Email: _____

Address: _____

Availability: Weekends only/Weekdays only/Anytime/Others (Please specify) _____

Do you drive? Yes/No Would you be able to help with rescues? Yes/No Fostering? Yes/No

Signed _____ Date: _____

Foster Agreement

Animal Name _____ Age _____ Breed _____

Please note that while in your care, you will be fully responsible for the animals that you are fostering.

The animal you have agreed to take home on a foster basis may or may not have been fully vaccinated or health checked depending on individual circumstance. LAP will inform you of the particular animals status and what, if any, medication or precautions are required.

- Puppies that have not been fully vaccinated must not be taken into public areas where they could be at risk of infection
- Animals must always be taken out on a leash

Please inform LAP immediately if there are any health or other problems. LAP will cover necessary vet cost but not grooming or other non-medical costs unless prearranged. Products such as Frontline, Heartguard etc can be provided by LAP. In all cases please consult LAP before taking a animal to the vet as we have preferred clinics. If a second opinion is sought by the foster, LAP will not cover the costs and will make any final decisions about the given treatment.

Some of the animals may have behaviour issues, which will have been explained prior to fostering. Please make sure that you understand and are willing to deal with any such problems.

Foster parents must apply to adopt animals through the normal procedures

Under no circumstances must a foster animal be given to anyone else unless prearranged by LAP

- I have read and understood the above, agree to take good care of the animal I am fostering. I agree to return the animal to LAP when requested and I will make the animal available to potential adopters.
